SKILLS AND INTERESTS

Skills & Analytics: PRDs, A/B Testing, KPI & Funnel Analytics, User/Performance Analytics, SQL (MySQL), Excel, Power BI, Tableau, Google Analytics (GA4), Python (Pandas, NumPy), ETL Pipelines

AI & Technical: AI Product Development, LLM Applications (Generative / Agentic Workflows), Prompt Engineering, Workflow Automation, REST APIs, Webhooks, n8n, Zapier, Jira, Git/GitHub

EXPERIENCE

Nation with Namo - Kalliope Consulting *July 2025 – July 2026*

Associate

Advanced Data Analytics & Data Visualisation

- Analyzed electoral and demographic datasets covering **1M+ electors** across **4 assembly constituencies** using **SQL, Python, and Excel**; identified behavioral patterns that drove segmentation, targeting, and data-driven campaign strategy.
- Designed **prioritization model** for 1.5K booths, driving **15% lift** conversion via experimentation & insight-led targeting
- **Automated data collection** and reporting workflows by developing **Python-based web scrapers** across multiple government sources, reducing manual effort by **70%**, enabling **real-time dashboards** for multi-team decision-making.
- Deployed **KPI tracking frameworks** measuring **MP/MLA** performance across 8 parameters over 12 months, improving targeted public **outreach effectiveness by 20%** and streamlining various ministry-level recommendation reporting.

Stakeholder Management & Client Collaboration

- Conducted **50+ consulting sessions** and **facilitated 60+ stakeholder interactions**, translating analytical insights and user behaviour patterns into **actionable growth and execution strategies**, increasing the client's **victory margins by 18%**.
- Collaborated with **cross-functional teams** across research, operations, and field execution to **streamline workflows**, improve reporting efficiency, and support rapid **data-backed decision-making.**

Market Research & Strategic Analysis

- Executed **primary** and **secondary research**, **demographic profiling**, and **competitor analysis** across **4 constituencies and 1,500+ booths** to identify priority voter segments, shape outreach plans, and guide resource allocation effectively.
- Contributed to victories across 4 Bihar Assembly constituencies through **data-backed planning**, **micro-targeting** at the booth level, **constituency-level performance reviews**, and **end-to-end campaign optimization**.

Kounselo *Jul 2024 – Sep 2024*

Product Analyst (Intern) *Remote*

- Drove a **30% lift** in user engagement by mining **PostHog** event data and shipping retention-focused product experiments
- Designed a **micro-pricing** model via Google Analytics and willingness to pay analysis, generating **50% revenue growth**
- Launched an **acquisition funnel** anchored on free IELTS mock tests as a lead magnet, boosting **conversion rates by 25%**
- Ran **10+** user, merchant, customer interviews, converting qualitative findings into prioritized **product roadmap** decisions

Axxela Research & Analytics Pvt Ltd *May 2024 – July 2024*

Market Analyst (Intern) *Gurugram*

- Placed **400+** trades in 3-month Euribor futures via **Outright, Spread, Fly** strategies, actively managing **2.5K lots book**
- Calibrated **risk/reward** to **1:2** and hit a **55% win rate** by interpreting Fed and ECB policy alongside **macro indicators**.
- Integrated MACD and Fibonacci indicators into entry/exit decisions, leading to an increase in trade **profitability by 20%**

PROJECTS

Optimising India's Trucking Industry and Supply Chain Management

Case Study

- Optimized transportation using Genetic Algorithms & Simulated Annealing, **lowering costs** by **15%** across fleet logistics
- Streamlined route planning & load allocation, accelerating **delivery turnaround time** by **20%** across trucking operations
- Deployed **IoT** & **GPS**-based fleet monitoring, increasing fleet utilisation by **30%** with **25%** decrease in vehicle downtime

EDUCATION

Indian Institute of Technology (BHU), Varanasi *Nov 2021 – May 2025*

B.Tech in Chemical Engineering 8.88 /10

LEADERSHIP EXPERIENCE

Training and Placement Cell - Managed internship & placement involving 800+ internship, 500+ PPO & 2.5K+ placements

Placement Coordinator *May 2024 - May 2025*

- Nominated by professors to **lead a 3-tier team** of representatives and executives from the Chemical Engineering branch.
- Spearheaded internship and placement programmes for **4,000+ IIT (BHU) students**, achieving **90% placement success**.
- Partnered with **100+ global HR** leaders to streamline recruitment, **enhancing placement rates** and **employer relations**.

ACHIEVEMENTS

National Finalist (Top 7 out of 1,200+ teams) in **Enigma 4.0**, a data analytics event organised by **IIM Sirmaur**.
